

A lottery was held on March 1, 2019, to select students to attend **Raisbeck Aviation High School** starting in the 2019-20 school year. Highline Public Schools received more applicants than can be admitted. The district used a lottery to select students from a pool of eligible candidates. To be eligible, students submitted a completed application by January 31, 2019. The admissions process is designed to accommodate the growing number of applications while maintaining the school's high-quality educational program.

Lottery Process

All qualified applicants fell into one of three separate priority groups.

Priority Group #1

51% of the seats for each freshman class (approximately 55) are reserved for students who live within the boundaries of Highline Public Schools. Students who fall into this category will be placed in lottery priority group #1 and chosen first. Students in lottery priority group #1 who are not chosen in the initial lottery will be placed on a waitlist in the order their names are drawn. If Highline students who are chosen in the lottery choose not to enroll in RAHS, their seats will be filled through the Highline waitlist until there are no students left on that waitlist. Any additional openings will be filled by the waitlist for lottery priority group #3.

Priority Group #2

20 seats are reserved for students who reside within the boundaries of Seattle Public Schools. Students who fall into this category will be placed in lottery priority group #2 and chosen second. Students in lottery priority group #2 who are not chosen in the initial lottery will be placed on a waitlist in the order their names are drawn. If Seattle students who are chosen in the lottery choose not to enroll in RAHS, their seats will be filled through the Seattle waitlist until there are no students left on that waitlist. Any additional openings will be filled by the waitlist for lottery priority group #3.

Priority Group #3

30 remaining seats will be filled with students from other districts and placed in lottery priority group #3. Students in lottery priority group #3 who are not chosen in the initial lottery will be placed on a waitlist in the order their names are drawn. If students from lottery priority group #3 are chosen in the lottery choose not to enroll in RAHS, their seats will be filled through the priority group #3 waitlist.

Waitlist Process

If a student who received a seat at RAHS through the lottery process chooses not to attend RAHS, their seat will be filled from the appropriate waitlist. All applications for students in grade 10 will be waitlisted until space becomes available. For example, if a Highline resident chooses not to attend RAHS, that seat will be filled by a student from the Highline waitlist; a Seattle seat will be filled from the Seattle waitlist; and 'other district' seat will be filled from the 'other district' waitlist. If you are selected in the lottery you will be invited to a confirmation conference at RAHS. Your assignment at RAHS will not be finalized until that conference occurs. ***You must confirm your intent to attend RAHS before April 4, 2019. RAHS will start pulling students from the appropriate waitlist in the week following spring break starting on April 15, 2019.***

Lottery Selection - 9th Grade - Priority Group #1 (Highline Public Schools)

The following is a list of incoming ninth-grade students in Priority Group #1 selected by lottery to attend Raisbeck Aviation High School starting in the 2019-20 school year.

Accepted
